

# CS 1400 Lab 10: Methods

---

## Objectives:

The objective of this lab is to help you understand how to design, write and use your own methods.

After completing this lab, you should be able to come up with solutions to problems that use programmer written methods. You should be able to design a method using the Psuedo-code programming process.

## Study Material

1. [Overview of Methods](#)
2. [StepWise Refinement](#)
3. [How Methods Work \(Powerpoint Presentation\)](#)

## Programming Exercise

[Designing Your Own Method](#)
